# Wolols DJ Music Mixer

You will need:
- Cardboard box
- Wrapping paper or paint and brushes
- Markers
- Scissors, Tape and/or glue
- 2 Paper plates or cardboard
- Lids
- For option 2: print out the templates

OPTION 1 - How to do it?

1 Close the cardboard box with tape

2 Paint the box in your favourite colour. I've chosen light grey for the top and, blue to paint it all around. You can also wrap the box if you prefer not to paint it and wait until dry.

3 Draw with the markers the "high-fidelity" speakers, like the draw below and remember to write your DJ name!
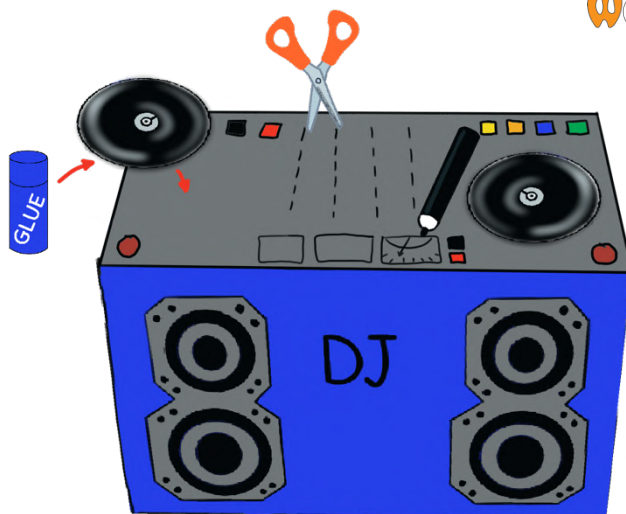

Your name

4 Paint 2 paper plates in dark grey to make the platters or jog wheels for the top.

If you don't have paper plates, use a piece of cardboard and cut out 2 circles and paint them.
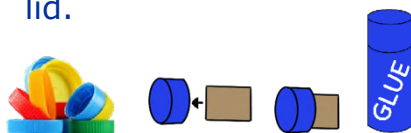

5 Glue the painted plates or cardboard circles on top of the box and draw squares and circles as buttons. Draw four lines for the faders or pitch sliders and cut the line.
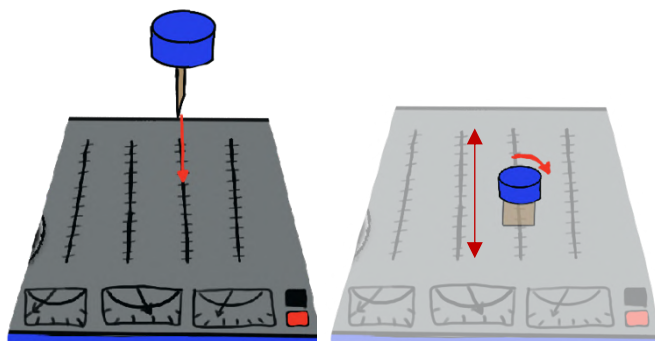

GLUE

DJ

6 Now, let's do the pitch sliders. Take a lid and a rectangle of cardboard slightly smaller than the lid.
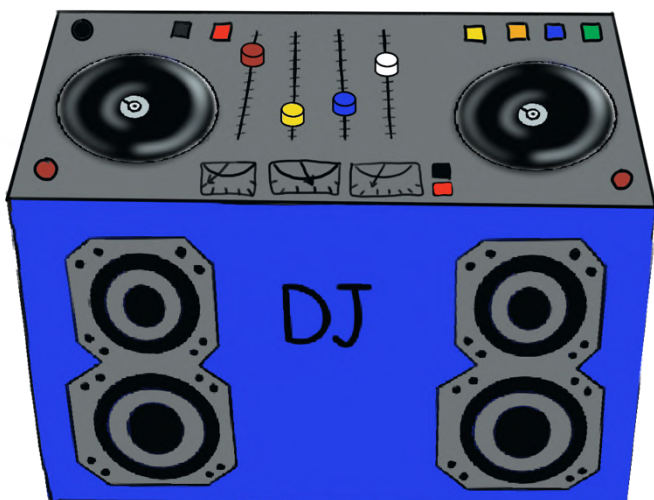

GLUE

7 Glue it inside of the lid and introduce it in one of the lines

Twist it so you can move it back and forward and will stay in place.

8 Yay! Ready to play!
Ask someone to play some disco music and you can pretend to be the DJ!

DJ

Lets' Dance in your Disco Party!
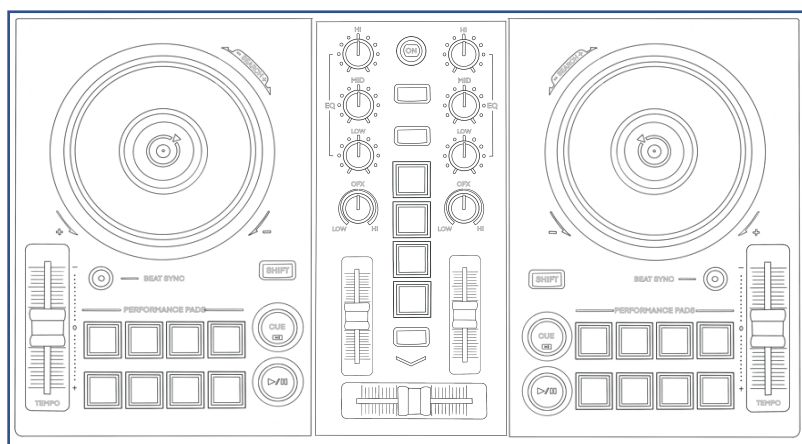

Wolols DJ Music Mixer with templates

OPTION 2 - How to do it?

Print out the templates of the DJ mixer: <u>left</u>, <u>middle</u> and <u>right</u> side.
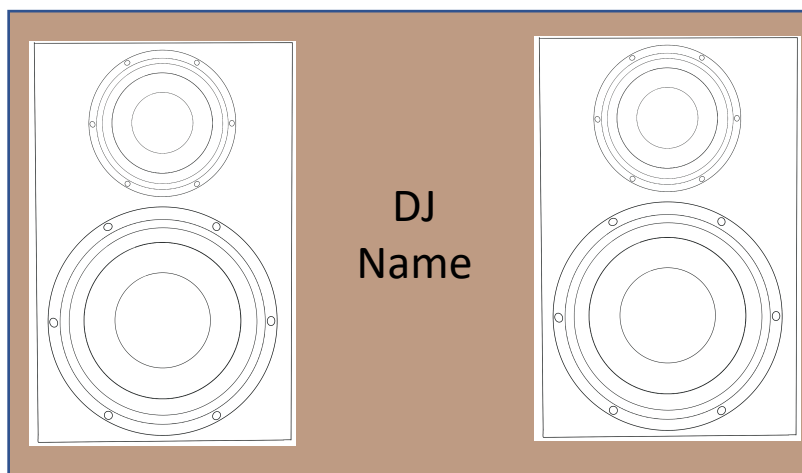

Print out two copies of the <u>Hi-fi Speakers</u> template.

Repeat steps ① and ② (optional)

③ Colour the templates as you prefer. Glue the mixer templates in order on top of the cardboard box.

④ Do the same with the Hi-Fi Speakers. Glue them on each side of the front of the cardboard box and remember to write your DJ name!

DJ
Name

Have fun!
